CONTENTS

NO. 1. JANUARY

Proceedings of the American Association of Anatomists. Thirty-eighth Session.....	1
Proceedings of the American Association of Anatomists. Abstracts.....	7
Proceedings of the American Association of Anatomists. Demonstrations.....	44
American Association of Anatomists. Officers and list of Members.....	47
Proceedings of the American Society of Zoologists. Nineteenth session:	
Officers for the year, Editorial Board, Journal of Morphology.....	67
Business Meeting.....	68
Program.....	79
List of titles.....	81
Exhibits.....	87
Abstracts.....	89
Constitution and by-laws.....	133
Officers and list of members.....	141

NO. 2. FEBRUARY

A. B. DAWSON AND J. H. REIS. An anomalous arterial supply to suprarenal, kidney and ovary. Two figures.....	161
W. E. SULLIVAN. The anatomy of a syndactylous hand. One figure.....	169
WARREN H. LEWIS. Is mesenchyme a syncytium? Four figures.....	177
SYDNEY M. CONE. Endings of cut nerves. One plate (four figures).....	185
A. L. SALAZAR. Sur l'existence de faux corps jaunes autonomes dans la glande interstitielle de la lapine. One figure.....	189

NO. 3. MARCH

EDWARD A. BOYDEN. A typical pancreatic bladder developed from an accessory pancreas. Three figures.....	195
SHIRLEY P. MILLER. Effects of various types of inanition upon the mitochondria in the gastrointestinal epithelium and in the pancreas of the albino rat.....	205
HAROLD CUMMINS AND JOSEPH SICOMO. A case of hyperdactylism: bilateral duplication of the hallux and first metatarsal in an adult negro. Nine figures.....	211
ALBERT KUNTZ. A case of abdominal pregnancy with retention of dead fetuses in the rabbit. One figure.....	237

NO. 4. APRIL

G. J. NOBACK. Simple methods of correlating crown-rump and crown-heel lengths of the human fetus. One figure.....	241
LESLIE B. AREY. Direct proof of the monozygotic origin of human identical twins. One plate (six figures).....	245
LESLIE B. AREY. Chorionic fusion and augmented twinning in the human tube. Four figures.....	253
C. E. THARALDSEN. A paraffin oven for individual use. One figure.....	263
BRUNO OETTERING. Anomalous patellae. Four text figures and one plate (two figures).....	269

NO. 5. MAY

PAUL H. STEVENSON. On an anomalous digastric muscle in the thigh of a Chinese. One figure.....	281
C. JUDSON HERRICK. Some factors in the development of the amphibian nervous system.....	291
AUSTIN T. MOORE. An anomalous connection of the piriformis and biceps femoris muscles. One figure.....	307
O. ISHII. Observations on the sexual cycle of the white rat.....	311
HOWARD H. BELL. Horizontal and vertical pancreas, in association with other developmental abnormalities. Two figures.....	315

NO. 6. JUNE

KIKUO OKAMOTO. A study of the superficial veins in the superior extremity of live Japanese. Ten figures.....	323
WILLIAM W. LOONEY. An unusual aberrant right internal spermatic vein. One figure.....	333
GEORGE L. STRETER. Some uniform characteristics of the primate auricle. Fourteen figures.....	335
FERDINAND C. LEE. On the lymphatic vessels in the wall of the thoracic aorta of the cat. Two figures.....	343

NO. 7. JULY

FRANK C. MANN. An accessory pancreas in the wall of the gall bladder of a dog. Two figures.....	351
BENJAMIN T. NELSON. The number of glomeruli in the kidney of the adult rabbit.....	355
MARY T. HARMAN. Concerning the origin of the notochord in the chick. One plate (five figures).....	363
WALTER HUGHSON. Electrical stimulation of cutaneous nerves: a teaching method. Two figures.....	371
I. MACLAREN THOMPSON. Anomaly of median nerve and flexor digitorum sublimis muscle. One figure.....	375
W. H. T. BAILLIE. Case of unilateral absence of kidney, ureter, and distal part of uterine tube in the rabbit. One figure.....	381
WARREN H. LEWIS. The adhesive quality of cells.....	385
